## EXPLANATION OF TERMS

### APR:

Interest rates are expressed as an Annual Percentage Rate as defined in the Federal Consumer Protection Act, 15 United States Code, Section 1606.

### LATE CHARGE:

If scheduled payment is not paid in full by the due date, a charge not to exceed 5% of the payment amount or \$10.00, whichever is less, may be assessed against your account.

### GRACE PERIOD:

If your new balance is made up only of purchases (not cash advances) described on the current statement, you will not have to pay any finance charges.

### MINIMUM PAYMENT:

You may pay for all of your purchases and advances in full each month, or you may pay in monthly installments. If you decide to pay in installments, each payment will be determined from a percentage of the balance, but a minimum dollar amount is usually established. If the balance is less than the specified minimum payment, you pay only the balance. In addition, you must pay all amounts past due or over your credit line.

### UPB:

Unpaid principal balance.

For institutions that did not furnish figures for fourth quarter report, figures reflected are from previous report.
